University College
New Student Convocation
Sunday, September 6

3:00 PM - 3:40 PM  Exploring Technology Career Options
https://careerdocs.uncc.edu/ucol/
Does the idea of working in a cutting edge and innovative field in terms of technology and analytics sound enticing? Are problem solving, inquiry and application of technology and analytics skills of interest? If so, check out the Technology, Data, & Analytics Career Community to learn more about careers across majors, interests and skills! Join this presentation to learn more about the “technology and data world” and how you can discover more during your first year!

3:00 PM - 3:40 PM  Exploring Arts, Media & Design Career Options
https://careerdocs.uncc.edu/ucol/
Do you desire to be innovative, creative, and impact popular culture in your career? Is flexibility, originality, and collaboration something you value in a work environment? Creative opportunities can be found in every sector, nonprofit and for-profit organizations. Join this presentation to learn more about the creative industry and how you can discover more during your first year!

3:00 PM - 3:40 PM  Exploring Majors & Careers
https://careerdocs.uncc.edu/ucol/
For students who aren’t really sure where they want to go yet and want guidance in exploring their interests and what industries might be a good fit. Join this presentation to learn more about the steps you can take to begin the process and create excitement for the next step in your career!

3:40 PM - 4:20 PM  Exploring Business, Financial Services & Logistics Careers
https://careerdocs.uncc.edu/ucol/
Are you interested in progressing a company forward, acquiring, holding, investing financial funds, building efficiency, or the exchange of goods and services? Organizational targets in this community include start ups, and medium and large enterprise in the consumer product goods, banking, consulting, and manufacturing sectors. Join this presentation to learn more about the “business world” and how you can discover more during your first year!

3:40 PM - 4:20 PM  Exploring Health, Science, & Research Careers
https://careerdocs.uncc.edu/ucol/
Do you have an interest in the health and welfare of people, use of scientific knowledge to make the world a better place, or managing systems that relate to healthcare? This community is for those targeting organizations that promote and manage the health, wellness, and scientific research of life in all of its forms. Individuals in this community might find themselves with work environments such as hospitals, laboratories, health education and policy think tanks, or continuing their career pursuits into health professions programs. Join this presentation to learn more about the healthcare and science sectors and how you can discover more during your first year!

4:20 PM - 4:45 PM  Exploring Engineering, Manufacturing & Energy Careers
https://careerdocs.uncc.edu/ucol/
Do you have a passion for thinking outside the box, solving technical problems, and doing hands-on project designs? Do you find yourself thinking, “how does this work” or “how could this run more effectively?” Are you precise and systematic in your work? Then check out the Engineering, Manufacturing, & Energy Career Community to learn more about careers across majors, interests and skills. Join this presentation to learn more about the engineering and manufacturing sectors and how you can discover more during your first year!

4:20 PM - 4:45 PM  Exploring Social Impact, Education, & Nonprofit Careers
https://careerdocs.uncc.edu/ucol/
Are you passionate about solving social problems, influencing change, addressing legal issues, supporting under-served communities, and working with children, youth, and families? Are you interested in becoming an advocate, educator, policymaker, or counselor? Join this presentation to learn more about the world of social impact and education and how you can discover more during your first year!

New Student Convocation welcome backpacks will be distributed once in-person instruction begins. Please check back for dates and times.
